## OPEN CALL, SHOP WINDOW EXHIBITION IN LANDSKRONA CITY CENTER

We received 970 applications and 78 different countries were represented in Landskrona Foto's Open call this spring.

The Landskrona Open Call window exhibition places 50 images throughout Landskrona city center in the windows of its boutiques, hotels and restaurants. With this exhibition we want to bring photography out into the public space, this is a crucial part of the festival, how we interact with the city and how we put it on the map. The window exhibition will run during the summer up to and during Landskrona Foto Festival. To accompany the exhibition we will produce a catalogue of all the images selected.

In this year's jury sat:

- Emma Bowkett, Director of Photography på Financial Times FT Weekend Magazine
- Christian Caujolle, Artistic Director Landskrona Foto Festival
- Jenny Nordquist, Artistic Director Landskrona Foto Festival samt avdelningschef för Landskrona Foto
- Simon Berg, Svensk Fotograf och konstnär
